

## **Pennsylvania Lawyers Fund for Client Security**

The Pennsylvania Lawyers Fund for Client Security (the “Fund”) is a Board established by the Supreme Court of Pennsylvania and supported by the members of the Pennsylvania Bar through the annual license assessment. The Fund provides a remedy for victims of the few members of the Bar who mishandle (convert) client funds. This one-hour course will provide information about the Fund (formerly known as the “Client Security Fund”), what type of claim is appropriate for filing with the Fund, the requirements of filing a claim, how the Board operates, how an attorney should respond to a claim, and information regarding the number of claims filed and awards approved by the Board.
